## 2009-2010 Grants Awarded

### **Bert Fish Medical Center**

#### ***“Women’s Breast Health Program”***

Implementation of outreach programs for women at risk and whose limited income prohibits them from obtaining routine mammograms, counseling and appropriate continued care.

Contact: Diana Lambert (386) 424-6334

### **Brevard County Health Department**

#### ***“WARM – Women at Risk Mammogram Program”***

Screening/diagnostic mammograms, breast ultrasounds and assistance with surgical consultation and breast biopsies for women aged 40 to 49 who are uninsured, underinsured or underserved.

Contact: Miriam Coleman-Small, RN (321) 634-6324

### **Cancer Care Centers of Brevard Foundation**

#### ***“Financial Assistance for the Uninsured and Underinsured Breast Cancer Patient”***

The Foundation assists breast cancer patients with basic living expenses to help those in need during treatment.

Contact: Marta Fiol (321) 952-0898

### **Center for Multicultural Wellness and Prevention**

#### ***“Project Aware”***

A breast cancer education and awareness program for low-income and uninsured Caribbean women ages 40-64 residing in Orange, Seminole and Osceola counties.

Contact: Marie-Jose Francois (407) 648-9440

### **Florida Hospital Foundation - Orlando**

#### ***“Komen Breast Care Program”***

Education and free screening mammograms, extra view mammograms and ultrasounds (if needed) for women aged 40 to 49 who are uninsured, underinsured or underserved. Also provides a personal link for those who receive a diagnosis to available community resources.

Contact: Carol DiMarco (407) 303-7341

### **Florida Hospital Waterman Community Primary Health Clinic**

#### ***“Comprehensive Breast Cancer Screening & Treatment Program”***

Screening, diagnostic testing, and treatment for women aged 40 to 49 who are qualified, low-income and uninsured patients of Northeast Lake County.

Contact: Melissa Simmes / Sharon White-Findley, DO (352) 589-2501

### **Halifax Medical Center**

#### ***“A Comprehensive Approach to Breast Cancer”***

Care, education and financial counseling with emphasis on strategies to empower women to be aware of mechanisms, resources and actions to better protect their breast health. Provides for services and limited genetic testing.

Contact: Catherine McQuade (386) 254-4211

Three simple steps to early detection are regular mammograms, clinical exams and breast self-exams.

#### **Health Alliance**

##### ***“The Health Alliance Breast Care Project”***

A collaboration between Health Alliance, Inc., Health Central Hospital and Shepherd's Hope. Provides symptomatic women who are uninsured or low income with screening and diagnostic procedures.

Contact: Renee Reneau (407) 877-4305

#### **Hispanic Health Initiatives**

##### ***“Mi Salud En Mis Manos (My Health In My Hands)”***

A breast health care program that educates Central Florida-area Latinas and refers them to low cost or free mammograms and clinical breast exams in their own communities.

Contact: Josephine Mercado (407) 339-2001

#### **Lake County Health Department**

##### ***“Project BRA – Breast cancer Risk Assessment”***

Screening and diagnostic breast cancer services to low income women between the ages of 40-49 who are receiving clinical care.

Contact: Ellen Schultz (352) 589-6424

#### **Osceola Council on Aging**

##### ***“Women’s Breast Health Initiative”***

Breast health and breast cancer awareness and education, clinical breast exams, a mammogram referral and voucher program, and case management to increase access to breast health care for women.

Contact: Warren Hoagland (407) 846-0413

These grants cover the time period April 1, 2009 – March 31, 2010. The next Komen Central Florida Affiliate Grant RFPs are distributed in late 2009 and are due back in early 2010. Please contact Komen in November 2009 at [director@komentcentralflorida.org](mailto:director@komentcentralflorida.org) to obtain an RFP.

Three simple steps to early detection are regular mammograms, clinical exams and breast self-exams.
